

FACTS
Wessington Springs Junior High FCCLA Chapter
2016-2017

Chapter members expressed concern about the distracted driving habits of both adults and teens in our community. They decided to promote steps drivers should take to ensure safe rides. The members developed a public service announcement that promoted “Safe Rides, Save Lives.” The PSA was promoted through the school’s television station and the school’s Facebook page. The local churches also used the PSA at one of its weekly youth group meetings.
