

Student Body – Healthy Snacks Wessington Springs Junior High FCCLA Chapter 2020-2021

Members promoted the eating of healthy snacks by providing a place for Wessington Springs Middle/High School students to purchase healthy beverages and snacks every morning at 9:00 a.m. and 10:30 a.m. Members evaluated the nutritional content and cost of the products. Then, they selected the products that they would sell each morning. Besides providing healthy snacks for the student body, it was excellent fundraising project for the chapter.
