Elementary Fall Festival
Wessington Springs Senior FCCLA Chapter
2019-2020

The FCCLA members sponsored the annual Fall Festival for children in Grades K-2 and celebrated the 10th year of the event. The chapter interacted with the children through a variety of fall themed activities.

Carrying on traditions at the school fall festival

BELOW RIGHT: Riley Roduner helped kids with the "witch hat ring toss" throughout the event held at the elementary school.

From the FCCLA Chapter President

WSHS senior and local FCCLA Chapter president Emma Lamme attributes the growth and leadership development she has experienced throughout her middle and high school career to time spent as a member of FCCLA.

"FCCLA helped me realize, if I believe in myself, chances are I can do it," she said of the variety of challenges that a student encounters in school and in life. "This belief helps me push other students to realize their goals, just like the group of students who planned this Fall Festival." They wanted to host one of the most successful Fall Festivals ever, and I am excited to say they accomplished their goal.

In its tenth year, the tradition of the Annual Fall Festival once again promoted leadership through the planning and hosting of the K-2nd grade event, as well as guiding and teaching younger elementary school students as they play their

way through the festival.

FCCLA members Riley Roduner, Jack Neely, Emma Gran, Harlee Heim and Kirstie Munsen took a walk down memory lane, looking to the time period when they were K-2nd graders as they planned this year's event.

After helping the elementary students make a "witch's hand," Emma Gran challenges the to guess the number of m & m's in the jar.
